The plat below is a representation of the South East qr. of Section 26. Surveyed for those whose names are thereon. March 10th, 1838.

Benaiah Robinson, S.M.C.

A piece supposed to be 11 or 13 acres is taken out of the S.W. cor. of the above qr. surveyed by D.A. Spaulding but its shape not being known, it is not here represented. Section line on South side of 26 not traced by me, but said to run South of original marks by Mr. Spaulding.

Shape has been given to the piece taken out of the S.W. corner as above, from a diagram furnished by Isaac Renfro, and from the length of lines given in his first deed to T. B. Edgar; but not from actual survey, or any notes by any former Surveyor.

At Edwardsville in T. 4 N. R. 8 W.

The plat below is a representation of a lot of ground set off by Paris Mason to Caseus Haskett with such boundary and notes as below represented on the said plat.

Surveyed Oct. 29th 1838.

By Benaiah Robinson. S.M.C.

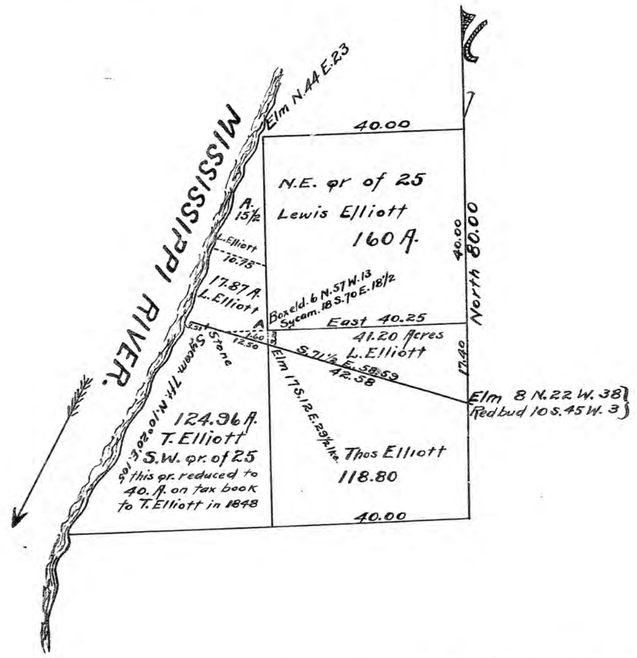

The first contract as surveyed and marked off above containing four acres, was rescinded by the parties, & a new arrangement made before any deed passed, which is made plain on the second page onward from this.

T. 4 R. 10, Section 25.

The line bearing S. 71½° E. 58.59 chains was run by me for Thomas & Lewis Elliott in December 1838 in order to ascertain how much ground lies between said line & the South boundary of the North East quarter of the said Section 25, and also between the river bank & the West line of the said quarter.

The other lines had been before made by my predecessors.

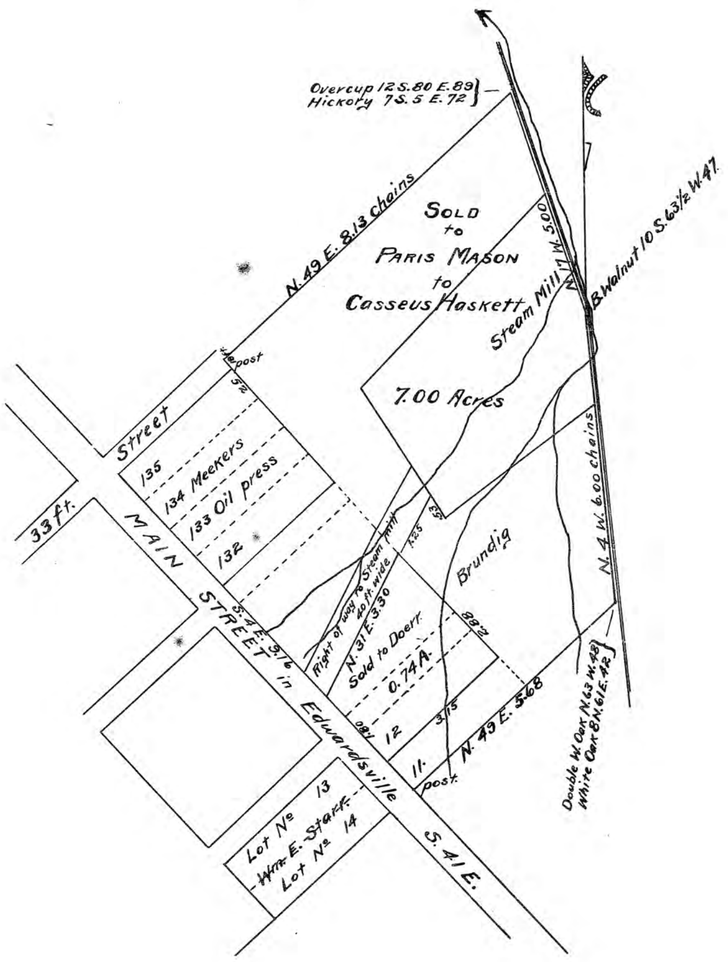

The whole amount of the four several pieces covered by Thomas Elliotts deed to Lewis, is 76.17 Acres, which includes as one of its four parts 15½ acres on the North part of the North West quarter of said Section 25 intended to have been before granted to the said Lewis by the said Thomas.

Set on page 121.

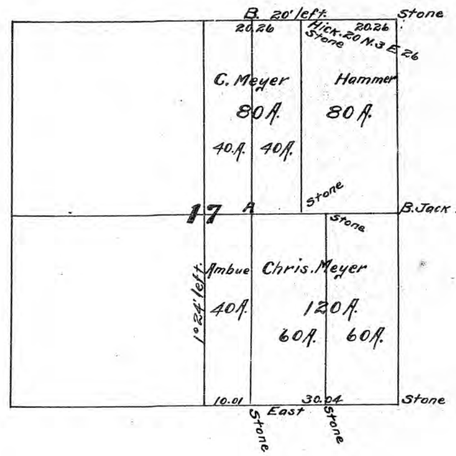

The division line from the great cotton trees on the Bank, Eastward to a corner East of the small pond, is 45 links South of the middle between the extreme south & North boundries. The 50. Acre tracts East were laid off by my predecessor, in such manner as to leave but 14.00 chains between them and the Section line on the West, where it ought to have held 15.00;

But the Section appears to have been originally returned too small.
